Construction Industry
Quality Awards
2023

Criteria: Awards will be based on the following criteria:

Design: A building must have an innovative and functional design to meet the needs of its users or occupants.

Construction: Construction must be constructed with quality materials and workmanship, with attention to detail and safety.

Sustainability: The building had to be environmentally sustainable, featuring features such as energy-efficient systems, green spaces and the use of renewable materials.

Community Effect: A building must have a positive effect on the surrounding community, for example by creating jobs or improving access to services.

Submit and Project Presentation: The project presentation must be submitted before 15th June 2023, and Judging will take place on 17th June 2023.

Review: A review panel from a well-known quality inspection agency will review each project based on the above criteria. The winner will be selected based on the highest total points.

Awards: Winners will receive a certificate of recognition and a trophy to showcase their achievement in a Gala Dinner on 5th July 2023
